

All Canadian
Speckle Park & Angus
Bull & Female Sale

March 17, 2013 - 2 PM
Notta Ranch
Neilburg, Saskatchewan

Welcome to the All Canadian Speckle Park & Angus Bull & Female Sale

Sara and I would like to welcome and thank the Herbert's, Berting's, Sutherland's, and Grey's for their consignments. This year we are offering a great selection of coming two year olds and yearlings. With the demand for Speckle Park cattle remaining incredibly high, the phone has been ringing off the hook. Most inquiries want to get their hands on anything Speckle Park. We have the bulls to get them headed in the right direction.

Its nice to be able to have the sale on the farm for two reasons. We are able to serve the world class Speckle Park beef that everyone raves about. The second is the option to walk through the cow herd. We will bed them down next to the sale barn for your convenience.

We are coming off a successful show at Canadian Western Agribition with Grand Champion and Reserve Grand Champion Females and Grand Champion Bull. The Denver Stock Show was also a success with a new twist; a bull calf sired by Eye Candy and out of a purebred Speckle Park cow, Star Bank 79S. He is co-owned and bred by the Hiller family of Devon, AB. He sure turned heads and got the breed even more attention down in the States.

For your convenience there are two Speckle Park influence sales taking place in the fall. One occurs at the Vold Jones Vold Auction in Olds, AB and the other at Heartland in Lloydminster, SK, both paying premium prices. The Speckle Park breed is one of the most efficient cattle you could possibly feed. So good, that most people that have switched, tend to over feed them. This is your chance to add a good, old style, easy doing British type to your herd. No professional photos done here. We catalogue them the way you would see them if there was no sale day. What you see is what you get. None of these bulls are stuffed full of feed. You can have confidence in buying a bull that's not burned out, and is going to give you years of production. We wish you the best with your purchases and look forward to seeing you all for lunch on sale day.

From the desk at T Bar...

Welcome to the second annual All Canadian Speckle Park and Angus Bull Sale. Hosted by Jason and Sara Goodfellow, the home and origin of this great Canadian breed. For those who have heard of, but not tried, to infuse Speckle Park into your program, you are missing a very unique opportunity.

The special fall Speckle Park feeder calf sales have had a great degree of success, with only one short pitfall ... supply. Each year, the demand and premium for these influence calves increases, as feeders are enjoying the feed efficiency of the breed and its outstanding carcass qualities. Cuts from a Speckle Park carcass are ideal in size with amazing marbling and defined as an eating experience ... enjoyed worldwide, in fine dining establishments. In addition to the carcass advantage, the breed offers feed efficiency, calving ease and high maternal qualities.

The offering of bulls is solid; you can rest assured that you are selecting from the top of each program as no bulls have been offered or picked-over. All the bulls will be semen tested and vet inspected so you can select your purchases with confidence.

In addition to the stellar offering of Speckle Park bulls, David and Carol Gray have again brought you the top cut of their Black Angus program ... bulls that offer the latest in Angus genetics.

The livestock industry has exciting times ahead, therefore adding current quality genetics to your program will add to your success in the market place, while strengthening your maternal base. Feel free to stop by the ranches for a preview of the offering or call any of the consignors and discuss your breeding needs.

Plan to come early sale day and be guests for a home cooked lunch.

If we at T Bar C, may be of assistance prior to or sale day, do not hesitate to call Ted or myself.

Full brother and sister combination were the double Grand Champions at Stockade Round up in Lloydminster and Canadian Western Agribition in 2007. He was first sold to the River Hill breeding program. And later sold to The Star Bank. Six Star then purchased the Star Bank herd along with Romeo. He is now owned by Ron Bexfield. Ron has had lots of great heifers sired by him and needs to change his genetics. There is still lots of years left in this good bull. We used his sire naturally for 11 years.

This cow is one of the best we will ever have. There were three embryo calves by her and her natural bull calf, all shown at Canadian Western Agribition. All her calves were out of different sires and all placed Grand Champion or Reserve Champion. Although the bull is black, he shows off power that is his stacked pedigree. This one has tons of performance. No color bonus but one of the most powerful bulls we have raised to date.

She has been one of the most talked about females at the fall shows. A female that is extremely broody but still able to stay amazingly feminine and that's rare in any breed. We have a A&W 15R heifer calf at foot, that is colored up just perfect. We can hardly wait to show them off this fall.

We guarantee 6 embryos. With all costs going to the buyer. Any production after 6 will be split between the owner and the buyer.

Co-owned with Miller Show Cattle, Cremona, AB.

Spots 'N Sprouts

As a member of Lilydale Livestock Sales, we are pleased to be hosting our Second Annual "All Canadian Speckle Park and Angus Sale." We were very pleased with the success of our first sale and for that we thank all those who supported our sale, both as bidders and buyers, and to T Bar C for the excellent job they did of handling the sale.

We have worked hard to promote the breed for the past 33 years, both as members of the Canadian Speckle Park Association and the Saskatchewan Speckle Park Association. Our efforts have been well rewarded as the success stories continue to multiply. Each year sees even better quality animals, higher prices, and more Speckle Park breeders, both Canadian and international. Without a doubt, for us the highlight of 2012 was when one of our progeny, Spots 'N Sprouts Stands Alone was named Grand Champion Speckle Park bull at the 2012 Canadian Western Agribition.

We are pleased to be able to offer five two year old bulls and a couple mature bulls to the sale offering. We feel they will be valuable assets to both commercial and purebred herds. We trust these bulls will contribute to the calving ease and well marbled carcasses that we, as Speckle Park breeders, have been used to.

We wish everyone, both buyers and sellers, another successful All Canadian Speckle Park & Angus Sale.

Xodus is the sire over the bull calves in our offering at this sale. He has given us a very uniform group of calves in 2012. His calves at Agribition Ravenworth Hector 7Z, his son, was Reserve Champion Bull Calf, and his daughter placed third in her age class. We purchased this bull from Riverhill. From his progeny, so far, we have seen a lot of color in our calves, uniformity and muscle shape.

Ravenworth Hector 7Z

Canadian

SEALIN CREEK Eric 5Y

This bull, Sealin Creek Eric 5Y, is our newest herd sire. We purchased him at the Canadian Legacy Sale in Olds, AB on December 11, 2012, from Dan and Janette Speller, Sealin Creek Ranch of Monte Lake, BC.
Canadian Genetics

Watch for his offspring in 2014.

Eric

Ravenworth Cattle - Black Angus Females

We are offering four uniform heifers from our registered Angus herd. These heifers come from our Ruby cow family. Powerful, wide pinned and balanced, these heifers offer a unique pedigree. The Ruby cow family is a large part of our Angus herd because of their maternal nature, good udder structure, exceptional milking, deep bodies and great foot and leg structure. You can see these great qualities in these heifers along with eye appeal and style. The sire of these heifers is Ravenworth Initiative 7X.

FlaxBed®

Premium Animal Bedding Suitable for Horses, Cows, Pigs and Poultry

Benefits of using FlaxBed

- In trials, FlaxBed was significantly more absorbent than comparable alternatives.
 - 3 times more absorbent than wood shavings
 - 10 times more absorbent than straw
- Beds made from Flax are not only drier, but warmer in the winter and cooler in the summer.
- Made from 100% dedusted natural flax, providing a clean, low dust environment, for animals and handlers.
- Low PH, neutralizes ammonia well.
- Less Bedding use and less waste, saves you more time and money.
- Breaks down quicker than wood based products and produces excellent compost.
- FlaxBed is packaged in convenient plastic bags or recyclable brown paper bags on request.
- Superior cushioning in stalls and trailers.
- Proven and widely used in Europe.

FlaxBed™ is a registered trademark of SWM INTL. Used by permission.

Terms and Conditions

TERMS:

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance, unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Current exchange rates will be announced sale day. All monies are in Canadian funds.

BIDDING:

Each animal will sell to the highest bidder... no by-bidding will be permitted. Disputes – Bidding will be reopened between the parties involved in dispute. If no further bidding is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision on all disputes will be final.

ANNOUNCEMENTS:

All announcements made from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay close attention to such disclosures.

BREEDER'S GUARANTEE:

Should any bull fourteen (14) months of age or over fail to prove a breeder after being used on females known to be breeders, the matter shall be reported in writing to the seller within six (6) months following the date of purchase or six (6) months after the bull has reached fourteen (14) months of age. The seller will have the right and privilege of six (6) months to prove the bull a breeder. No guarantee is given that semen collected from the bull will freeze.

EXCEPTION GUARANTEE:

In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, this guarantee shall be null and void.

CERTIFICATE OF REGISTRATION:

Each animal will carry papers issued by the Canadian Speckle Park and Canadian Angus Associations. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

LIABILITIES:

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that Sale Management is acting only as a medium between buyer and seller and is not responsible for any failure on, the part of either party to live up to his obligations. Neither does Sale Management assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. Sale Management assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

RIGHTS AND OBLIGATIONS:

The above terms and conditions of the sale shall constitute a contract between the buyer and seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

PHONE, MAIL, WIRE BIDS:

Bidders unable to attend the sale may phone, mail or wire their bids and instructions to the sale managers, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

DELIVERY:

We will assist in arranging transportation wherever possible. Each animal becomes the risk of the purchaser as soon as sold.

INSURANCE:

Will be available sale day. We strongly recommend that insurance is purchased for full value.

ERRORS:

All announcements at sale time, written or oral, supersede any written material in the catalogue.
